Response to Arguments

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office Action.
2. Claims 1-20 are pending. Claims 7-20 remain withdrawn from consideration. Claims 6-10 are under consideration.

Claim Rejections Withdrawn

3. The rejection of claims 1-6 under 35 U.S.C. 101, because the claimed invention is not supported by either a specific asserted utility or a well established utility, is withdrawn.
4. The rejection of claims 1-6 under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention, is withdrawn.

New Claim Rejection

5. Claims 1 and 2 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 recites: "wherein the gro-1 gene has the identifying characteristics of nucleotide sequence set forth in SEQ ID NO:3". It is unclear how "identifying characteristics" are defined in this claim. Amendment of claim 1 to recite --wherein the gro-1 gene comprises SEQ ID NO:3-- is suggested.
